

CONFIDENTIAL

24 February 1961

MEMORANDUM FOR: Col. Charles A. Reinhard, USA
Cdr. Harley D. Myles, USN
Col. James M. Winterbottom, USAF

SUBJECT : Military Service Space Allocations, [REDACTED]
National Photographic Interpretation Center

25X1

1. Pursuant to NSCID No. 8 calling for the establishment of a National Photographic Interpretation Center, the Central Intelligence Agency is in the process of procuring and planning adequate space for this facility [REDACTED]. It is proposed that appropriate space be allocated to Army, Navy, and Air Force components for their exclusive use within the building. Accordingly, the architectural and engineering firm under contract to CIA for necessary building construction is being advised to reserve space on the [REDACTED] as follows:

25X1

Army component - approximately 12,000 sq. ft.

25X1

Navy component - approximately 12,000 sq. ft.

Air Force component - approximately 12,000 sq. ft.

2. In addition to the approximately 12,000 sq. ft. referred to above which is being reserved for use of the Army component, 36,000 sq. ft. is to be reserved for the exclusive use of the Departmental Photographic Interpretation Center of the Army and is not to be considered a part of the National Photographic Interpretation Center.

3. It is expected that the architectural and engineering firm under contract, [REDACTED] will have representatives in Washington on or about 1 March at which time complete schematic plans for the building, including the military service space allocations noted, will be presented to Agency and military service representatives. Military service representatives will have the opportunity to consult with the architects subsequent to this presentation and register their requirements for construction and furnishings within their assigned areas.
